Instructions for Column J Worksheet

For each installment sale after July 31, 1969, reported on Schedule F:

Column 1 - Write the total federal gain realized on the sale. This is your entire gain and not just the amount of gain reported this year.

Column 2 - Write the fraction, if any, written on Schedule F, Column H.

Column 3 - If you wrote a fraction in Column 2 of this worksheet, multiply Column 1 by that fraction. If Column 2 is blank, subtract Column I from Column H on Schedule F and write the amount.

Column 4 - Write the total gain reported on federal income tax returns in prior years.

Column 5 - Subtract Column 4 from Column 3. If the result is negative, write zero. Write the amount here and on Schedule F, Column J.
